What Happened in March

Our March Birthday Celebrations

We had the pleasure of celebrating Radin's birthday this month with an Atlanta Falcons theme. Radin and his friends enjoyed their time painting, playing games, and eating their favorite foods! Additionally, Frank Noori (supportive husband of Gallery Owner Sanaz Noori) enjoyed his birthday at Noor with traditional Persian cuisine and live music. Noor is the perfect place for birthday parties of all ages with customizable party packages and entertainment. Come celebrate your next birthday with us at Noor!

Nowruz Festivals

This March we had the pleasure to participate in two festivals celebrating the Persian New Year. We brought our handmade jewelry, collectable currencies, and some original artworks to share with the community. At Noor we are always looking for new ways to connect with our community and share our artistic culture, so keep your eye out for us the next time you visit a local arts festival!

A New Addition to Our Collection of Artists: Bonnie Flood

We are honored to welcome Bonnie Flood to our growing group of exhibited artists! With two full walls of her large oil paintings, she has brought a new style into our space that highlights Noor's attempt to bring together all forms of art. Visit the gallery to enjoy her expansive landscapes and dynamic floral paintings.

Biography of Sanaz Noori Artist and Founder of Noor Studio and Gallery

Sanaz Noori was born in the bustling city of Tehran, Iran, where she spent her formative years surrounded by a rich cultural tapestry. From the very beginning she knew she wanted to be an artist, but her parents had their doubts, because she never got into art school! While she worked on her Bachelor of Information and Communication Science, and eventually worked at Tehran University, she never gave up on drawing and painting. At the age of 28, she embarked on a life-changing journey to the United States, carrying with her the dreams and aspirations that would shape her future. She married the love of her life in the US and built a family while continuing to explore her art world. After some time in the US, she developed a passion for the pastel medium and put all her effort into developing her skills as a pastel artist. As she worked in different roles throughout her career, her dream of owning an art studio and gallery kept growing. When she was building Noor with her husband's support, she aimed to form an inviting space with a diverse representation of art styles and mediums. She believes that true fulfillment as an artist lies in sharing one's creations with others and imparting knowledge to fellow art enthusiasts. Noor Studio & Gallery is not just a physical space; it's a testament to the transformative power of art. She always calls Noor "a meeting point of art lovers". Today, as the proud owner of Noor Studio and Gallery, she stands as a testament to the power of perseverance and hard work.

Art of the month

Nowruz in Fatherhood House by Sanaz Noori is a captivating soft pastel artwork that beautifully captures the spirit of Nowruz, the Persian New Year. The piece portrays a nostalgic scene of a traditional home, where a woman, dressed in cultural attire, welcomes the new year with warmth and grace. The Haft-Seen table in the foreground, adorned with symbolic elements like apples, wheat-grass, a goldfish, and a clock, represents renewal, prosperity, and the passage of time. Through rich colors and intricate details, Noori evokes a sense of heritage, family, and the timeless joy of Nowruz.
